Making up blocks

Before making up the blocks you will need to cut a 45° angle from one end of each strip.

From each of the 2¼" x 8⅞" strips, cut off one of the corners from the top left down to the right hand side - as shown in *diagram 1*.

From each of the 2¼" x 7⅛" strips cut off one of the corners, from the top right down to the left hand side.

Do the same to the black fabric strips, following the cutting angle for the longer and shorter strips above.

Now lay out all of your pieces for the block as in *diagram 1*.

Sew in the following order of colour ways.

Fabric 2 – sew black strip to left hand side – sew to Fabric 1 on left hand side.

Fabric 2 – sew black strip to right hand side – sew to Fabric 3 on right hand side.

Fabric 5 – sew black strip to left hand side – sew to Fabric 4 on left hand side.

Fabric 5 – sew black strip to right hand side – sew to Fabric 6 on right hand side.

Fabric 8 – sew black strip to left hand side – sew to Fabric 7 on left hand side.

Fabric 8 – sew black strip to right hand side – sew to Fabric 9 on right hand side.

Fabric 11 - sew black strip to left hand side – sew to Fabric 10 on left hand side.

Fabric 11 – sew black strip to right hand side – sew to Fabric 12 on right hand side.

Fabric 14 – sew black strip to left hand side – sew to Fabric 13 on left hand side.

Fabric 14 – sew black strip to right hand side – sew to Fabric 15 on right hand side.

As shown above, sew in the following way.

Take your triangle pieces and add a short strip of black fabric. Press back. Then add a long black strip and press back. Next add your short strip of coloured fabric and press back. Then add the remaining strip and press back. This makes half of the completed block.

Now make up the other triangle in the same way, but this time press the seams in the opposite direction, this will help when sewing the two triangles together.

Make up all of the 18 blocks in this way.

Lay out all of your blocks as in the *main diagram*, adding the black triangles around the edge. Sew in rows diagonally, adding the black strips in between each piece.

Trim and press back. Do this to all of the rows and press the seams for each row in opposite directions, as this makes joining rows easier. Join the rows together to complete the quilt

Sandwich together the top layer, wadding and backing.

Quilt by machine or hand, using a gold thread.

Attach binding made from the black fabric to complete the quilt.
